FAMOUS GROUND FOR FISHING CLUB

Lands Owned by the Father of His Country in Use.

LOCAL CITIZENS OWN IT

Many Good Fish Stories Come From Historic Custis Pond.

There has recently been formed in this city a club composed of some of the most prominent and ardent sportsmen in the State. It has been duly chartered by the Corporation Commission, and is called "The Custis Fishing and Hunting Club." These gentlemen have purchased from Captain R. E. Lee the property known as Lee's or Custis's Pond, in King William county, Va., about three miles from Sweet Hall Station, on the Southern Rallway. This property was inherited by Captain Lee from his father, General Robert E. Lee, and is a portion of the estate of Martha Washington. It had never passed out of the family until this recent sale. It has long been noted as one of the best fishing ponds in the State, being well stocked with chub (big-mouth bass) and gilver and red-eye perch. It covers one hundred sind ten acres of land and is a beautiful sheet of water and an ideal rituation for a club pond. This was formerly the "Meeca" of these faithful old lovers of the sport, John Powell, Boh Munford, Professor Merrill and other kindred spirits. Martha Washington, It had never passed

and the for a club pond. This was formerly the "Mecca" of these faithful old lovers of the sport, John Powell, Boh Munford, Professor Merrill and other kindered spirits.

It is a rare freat to lay back in one of the spreat rockers before the glowing proportion of the spread as good supper, and under the koothing refects of a sportsman is pipe to listen to the stories of one of the followers of "Marse Bob," who has been the miller and occupant of the place for thirty-five years. It would make the eyes of the average sportsman bulgs will assist the average sportsman bulgs will assist the average sportsman bulgs will assist the spread of the fourteen and fifteen round either cause of the courteen and fifteen round either vision and fifteen round either vision of a spread of the fourteen and fifteen round either vision of the same kind of filsh at one "Bap" at one "sitting," or the time he killed five time were seventy-five of them on the point, and the spread of the same kind of filsh at one "Bap" at one "sitting," or the time he killed five time were seventy-five of them on the point, and the proportion of the spread of the same kind of filsh at one "Bap" at one "sitting," or the time he killed five time were seventy-five of them on the point, and the beautiful woods surrounding the pond.

Pretty Scenery.

There is hardly a spot in the State where prettler scenery of its kind can be found, or where the yater and surrounding look pore "inshy." The old mill. which dispose the proporty it has built end of the found or where the yater and surrounding look pore "inshy." The old mill, which as been in operation more than a century, and which is noted for grinding the best meal in the country, cannot simply but at small portion of the demand for its product. The fifty of six provided the proporty it has built encore fair friends, have spent several pleasant days at the club. It is quite the thing for the ladies to make up a camping party and do their own cooking, when they do not care to have

HAVE REGATTA ON JAMES RIVER

Virginia Boat Club Preparing for Interesting Event This Summer.

ENGAGES CAPABLE COACH

Dr. Joseph A. Reilly, of Georgetown, Will Train Local Crew. •

There seems to be a determination on the part of the Virginia Boat Club to create a renewed interest in rowing in this city and State. The membership of the spring, and applications for membership are still coming in almost daily. Considerable interest is manifest, not only among the old members, but the nev bnes seem to realize that they have been missing much pleasure in the past Every afternoon the river below Mayo's Island is dotted with the shells, gigs, cancer pleasure boats and launches of the club pleasure boats and launches of the club. The new men are learning to row and the old ones have not forgotten the many pleasant afternoons spent on the James in

past seasons.

Rowing was first started in this city Rowing was first started in this city in the summer of 1875 by the organization of the Kanawha Boat Club. Its success was so great that in the following year a larger club, the Olympic, was started. These two clubs rowed on the old canal, having their houses at the foot of Gamblo's Hill. They eventually consolidated, under the name of the Olympic Boat Club. A reorganization of this club un-

DR. JOSEPH A. REILLY.

occurred in 1832, and during that year the scene of their operations was changed to Mayo's Island, and the house they now

to Mayo's Island, and the house they now occupy was built. In 1894 the club was incorporated by an act of the Legislature of Virginia.

The club was one of the original members of the Virginia Association of Amateur Oarsmen, and has entered crews in all regattas held under the auspices of that organization. There were also clubs in Alexandria, Fredericksburg, Lynchburg, Norfolk, University of Virginia, Petersburg and Richmond College, but the Virginia is now the only one in existence, all others having been disorganized. It is to be hoped that a sufficient amount of interest can be again created to bring back again the yearly regattas and the spirited rivalry for the possession of the French Challengo Cup.

To the Victor the Spoils.

To the Victor the Spoils.

This cup was presented to the association in 1880 by Mr. French, of Fredericksburg, under condition that it was to remain the property of the association, but to be in the possession of the club winning it each year. It is now in the pessession of the Ulriginia Boat Club, they having won it from the Fieldmond Colsession of the Virginia Beat Club, they having won it from the Bichmond Col-lege Club in 1891, the last year in which a regatta was held under the auspices of a regatta was held under the auspices of the association. The cup has been won four times by Virginia, three times by Richmond College, twice by the Old Do-minion Club, of Alexandria, and once each by the NorTolk Boat Club and the Appo-mattox Club, of Petersburg. It is under-stood that the clubs in Alexandria, Lynch-burg and Petersburg are to be reorgan-ized, and if such is the case we shall see again a resumption of the old athletic relations.

relations.

The home club is in good trim so far as boats are concerned. It has in its house at present one eight-par shell, one four-oar shell, four four-oar gigs, six sliding seat pleasure boats, four stationery seat pleasure boats, four indian canoes and four regular lishing boats, Besides the club property, the individual members have their private boats housed with the club. These consist of four launches.

launches,
Last year rapid strides were made in
the right direction, under the able coaching of Mr. Murray A. Russell, of
Georgetown University. The various
members were enthused to such an extent that the club purchased an eightoar shell, the first that has ever been
regatfa will be held here some time dursent to Washington and took part in the
regatta of the Potomac Boat Club, coming in second in their race.

Have Regatta Here,

Have Regattæ Here.

There is a strong probability that a Dr. Reilly has an enviable record, not ing the summer. While no final plans have been made, it seems certain that Richmond people will see this event. It is also the intention of the club to send its crews to some of the Northern regattas. To carry out these plans they have chicked the services of Dr. soscpil A. Reilly, of Georgetown University, as their coach and trainer for the senson. Dr. Reilley has an enviable record, not only as an onesman, but as a football player, baseball player, sprinter and general ull-round athlete. He was born in Boston, Mass., just 24 years ago, and began his athletic career with the Boston College. He was captain of the football team and rowed stroke in their oceall team and rowed stroke in their oceal the football and track teams for two years, and how, in his senior year, is physical director theirs and all present are: Judge B.
